

CLAIM AMENDMENTS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1 - 31 (canceled).

Claim 32 (previously presented): A measurement method, which comprises:

- generating and transmitting a transmission signal with a transmitter;
- receiving a reflection of the transmitted signal with a receiver having a receiving oscillator being periodically switched on and off;
- influencing an oscillation start up time of the receiving oscillator with the reflection of the transmitted signal; and
- measuring an output power of the receiving oscillator.

Claim 33 (previously presented): The measurement method according to claim 32, which comprises measuring a distance to a target.

Claim 34 (canceled).
